Yahyobek Rahimov

Tashkent, Uzbekistan | ryahyobek570@gmail.com | 🔗[GitHub](#) · [LinkedIn](#) · [Portfolio](#)

Professional Summary

Motivated and detail-oriented Front-end developer with ~1 year of experience building responsive and performant web applications using React, Next.js, and modern JavaScript/TypeScript. Currently expanding the skill set into backend development with Node.js and REST APIs. Strong problem-solving abilities and a passion for clean, maintainable code.

Technical Skills

Frontend: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, SCSS, Tailwind CSS

State Management: Redux Toolkit.

Fetching libraries: TanStack/React query, RTK Query, Axios..

Backend (Learning): Node.js, Express.js, REST APIs.

UI Libraries: Ant Design, Material UI

Tools: Git, GitHub, Postman, VS Code, ESLint, Prettier

Other: Responsive Design, Component-Based Architecture

Real-world projects

Top Coach – https://topcoach.uz

A platform designed to help students connect with top mentors and get into their top universities.

Tech Stack - React.js, Redux toolkit, RTK query, Antd.

Siyob Agromash – **https://siyobagromash.uz**

It is a specialized e-commerce platform for car-related products across Uzbekistan.

Tech Stack - Next.js, Redux Toolkit, RTK Query & Native Fetch, Antd.

Taqqos (in development) – **https://taqqoztest.vercel.app**

A platform that helps people compare products of different kinds from different marketplaces, and offers suggestions using complex algorithms.

Tech Stack - Next.js, Tan Stack query & Native Fetch, Antd.

Nixol Burger – Private

Nixol burger is a user-friendly CRM website for multiple roles in a cafe designed to help manage the flow in the cafe.

Tech Stack - React.js, RTK query, Redux toolkit, Radix UI.

FMLI (Federation of Medical Licensing International) – **https://fmli.tech**

A proof of concept for a medical project.

Work Experience

Front-End Developer

XCDM *– Tashkent,*

09/2024 – Present

- Developed and maintained scalable and responsive web applications using **React.js**, **Next.js**, and **TypeScript**

- Integrated and managed API data flow using **RTK Query** and **Axios**, ensuring smooth UX and accurate state handling

- Collaborated closely with backend developers and designers to define and implement **feature requirements and UI/UX standards**

- Participated in **technical decision-making** and contributed to **front-end architecture design**, including folder structure, state management choices, and reusable component patterns

- Led performance optimization efforts, resulting in improved **mobile responsiveness and loading speed**

- Ensured code quality through consistent use of **ESLint**, **Prettier**.

Education

New Uzbekistan University/Presidential University (Dropped out)

Field of Study — AI & Robotics

9/2024 – 11/2024

FARPI Academic lyceum

High School Diploma

10/2021 – 07/2023

Languages

- Uzbek (Native)

- English (Advanced, IELTS 8.0)

- Russian (Basic)

Certifications & Courses

IELTS 8.0 (Listening 8.5, Reading 8.5, Writing 6.5, Speaking 7.5)

SAT 1430 (Math 730, English 700)
